LR 208,

PRESIDENT: The report is adopted. LR 208.

CLERK: Mr. President, LR 208 offered by Senator Morehead found on page 2451 of the Journal.

PRESIDENT: Chair recognizes Senator Morehead.

SENATOR MOREHEAD: Mr. President, members of the body, it is my pleasure this morning to introduce a resolution to honor a community, town, by the name of Filley, Nebraska, which is about twelve miles east of Beatrice. Now I can't be outdone by Senator Hefner and Senator Lamb, so I have a community celebrating a 100th anniversary too. One thing that is outstanding at Filley is a magnificent edifice, a stone barn a limestone barn, a two story limestone barn which is on the national registry for historical places. It is to be dedicated this Memorial Day. It was built by a name by... a man by the name of Elijah Filley in 1874 and Elijah nine years later founded Filley, Nebraska. Now, Filley is also known for some other things. First of all they had the Class D boys championship in 1979 and 1980 and that brought that town to life, as you all who live in small towns know. Some other things about Filley, they are outstanding citizens. A man by the name of Clyde Filley was professor of Ag. Economics at the University of Nebraska and also Grange Master of the Nebraska Grange Society, for you rural senators you know what that is. For all the wives and all the women, and therefore all the husbands, Robert Taylor, movie star, was born in Filley, Nebraska and all during Fourth of July they are going to show Robert Taylor movies. Last but not least we have another outstanding citizen from Filley, Nebraska, all of you know him, Dale Siefkes. So, if you want to know about Filley, go ask Dale, I bet he can tell you a lot. I ask for you adoption of this resolution in recognition of Filley's 100th Anniversary.

PRESIDENT: Senator Lamb, do you wish to cross district lines to be recognized?

SENATOR LAMB: Yes, Mr. President and members, I would like you to support the resolution by Senator Morehead. As you may have noticed she has not been overwhelming in supporting my issues this year, but the town of Filley has a connection with my wife's family, in fact Clyde Filley, his wife was a relative of my wife. The Filley family has a long history in connection with my wife's family. So although you didn't support my issues, I certainly support you on this one, Senator Morehead.
